

## TeamBoard Installation for Microsoft Vista Operating System

Before installing TeamBoard Suite (Driver/Software) turn off the User Account Control (UAC) to copy all files successfully. In order to do that, follow the steps given below (this is only for computers running a Vista Operating System).

1. Click Start and then open Control Panel.
2. In the Control Panel, click User Accounts
3. Click Turn Account Control on or off.
4. Uncheck the box beside the **User Account Control (UAC) to help protect your computer** option.
5. Click OK.
6. When prompted, restart the computer. Note that the changes will affect all users on the computer.
